

VISION 15

Additional rubber lip

The additional rubber lip on the upper edge of the VISION 15 frame increases safety against foreign bodies entering from above. The temple ends can be individually adjusted. The very good coverage of the eye area offers a particularly high level of protection.

Soft nose pad

The soft nose pad increases wearing comfort and prevents pressure points.

Soft and adjustable temple end

Thanks to its metal core, the temple end of the VISION 15 offers high flexibility for a perfect fit.

VISION 15

Product

25 g

Weight

GA 166 F T CE

Frame marking
