

VISION 6

Super lightweight with good eye area coverage

The VISION 6 is extremely comfortable to wear thanks to its low weight. The integrated side shield protects against foreign objects entering from the side and above and offers a particularly high level of protection for the eye area. The temple tips can be individually adjusted.

Soft and customisable temple end

Thanks to its metal core, the temple end of the VISION 6 offers high flexibility and perfect adjustment. Together with the nose pads, this combination offers a non-slip fit.
