

VOLTOR

Special protection thanks to foam lip

The additional foam lip on the upper edge of the VOLTOR frame increases safety to protect against foreign objects penetrating from above. The safety spectacles also sit comfortably in the forehead area and protect against frontal impacts.

[1]

[2]

For spectacle wearers: VOLTOR CLIP

Spectacle wearers can simply insert the CLIP with lenses in their personal prescription into the VOLTOR.

VOLTOR	32 g	EN 166	GA 166 F CE	UV 400	10 pc.	Easy Fit Soft
Product	Weight	EN Standard	Frame marking	UV protection	Packaging unit	Temple technology
